

“ we are really grateful when RESTORE2 charts follow patients into the hospital, as they provide excellent background and baseline information ”
Consultant Acute Physician

“ definitely gives me confidence, I am able in short words to say what is concerning me, my reporting is clear and in order ”
Care Home

“ you just seem to get a quicker response because you give better information ”
Care Home

“ we could see she was deteriorating and she received the help she needed quickly. We had the evidence that she was not well. It's easy when you have the evidence ”
Care Home

“ I've seen the staff using RESTORE2, they have been far more prepared when we have gone to visit a patient who is unwell, with observations ready etc ”
GP

RESTORE2TM

Recognise Early Soft Signs, Take Observations, Respond, Escalate

right care, right time, right place, right outcome

RESTORE2TM uses NEWS2 reproduced from the Royal College of Physicians. National Early Warning Score (NEWS) 2: Standardising the assessment of acute illness severity in the NHS. Updated report of a working party. London: RCP, 2017
